

# 9 Easy Thirst-Quenching Drinks You Can Do This Summer

Looking for easy thirst-quenching drinks you can make this summer? Look no further!

In the Philippines, stainless steel products are becoming popular eco-friendly alternatives to single-use products. Not only do these metallic products lessen your overall carbon footprint, its insulation can also keep your drink cold and refreshing for a long period of time!

## FOR YOUR FRIENDS

Stainless steel in the Philippines can be used in products to prepare ingredients and mix them together all while keeping the mixture chilled. It can help you make sophisticated cocktails for you and your closest group of friends to enjoy.

*Red Rum Punch*

This concoction merges together a typical fruit slushie with a well-known liquor for a unique drinking experience. Serve your friends a drink that will cool them off and that packs quite a punch.

*Triple Threat*

Triple Threat is the combination of a sangria and margarita. This is the perfect drink for you to sit back and have a relaxing time catching up with friends.

*Bayside Berry*

This cocktail is an easy 5-minute cocktail that combines gin and blueberry. All the recipe requires is one mixture in a stainless steel cocktail shaker before being ready to serve to your large group of friends.

## FOR YOUR KIDS

Besides alcoholic beverages, you can also use tools made of stainless steel in the Philippines to make thirst-quenching drinks for your children. You can place them into stainless steel tumblers in order for your kids to sip on and enjoy while you're out doing fun summer activities such as swimming.

*Classic Lemonade*

A summer drink that your kids will surely enjoy is the staple homemade lemonade. This is the perfect drink for not only your kids to enjoy on a sunny day out, but for you as well.

*Banana Yogurt Smoothie*

In order to get your children's daily dose of fruits and healthy probiotics in, serve it to them in the guise of a delicious smoothie. Add in a stainless steel straw to help educate your kids on earth-saving tips.

*Watermelon Delight*

Another way to get your children to enjoy consuming fruits is by making them delicious and refreshing. Give your kids a sweet but healthy treat while they are playing outside.

## FOR YOU

After looking out for your friends and family this summer, you should also look after yourself. Keep these cocktails in a stainless steel container while lounging around in the beach or hiking to the peak of a mountain to keep them safe and secure.

*Classic Mojito*

A mojito is the drink for you if you enjoy a light but refreshing cocktail. It is a staple in a number of bars and can be easily replicated from the comforts of your own home.

*Fizzy Floats*

If you are just looking for a sweet and refreshing drink with no alcohol content, try the Fizzy Float. This drink is the upgraded version of the classic soda float. This will surely give you the feel of the summer with its sweet and tangy taste.

*Raspberry Limoncello Prosecco*

This cocktail is for those with a more sophisticated palate. It combines high-end liquors into one refreshing concoction. The Raspberry Limoncello Prosecco will give you a world-class experience in just one sip.
